## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance: the primary reason for allowance of the claimed invention is the inclusion of, among other things, a plurality of differential amplifier circuits (S1...S3) successively coupled with common mode control terminals. The prior art fails to teach or fairly suggests a multistage apparatus/method that includes these features of the claimed invention. Therefore, these claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
